

Be the next Tulsa Map® Artist

The intersections between art and cartography go far beyond the notions of design and illustration, since map-making invariably has multiple cultural, social, and political dimensions.

Call for Artists: The Tulsa Map® 2026 Project Overview

MapWorks Tulsa Inc. invites Tulsa creatives working in the fields of fine art, graphic design, arts education, data visualization, photography, and mixed media to conceptualize, design, and execute The Tulsa Map®. 2026 Edition. This map will serve as an introduction to the city's spirit while fostering unity, inclusion and identity through an artistic lens. This map coincides with the 100th Anniversary of Route 66 and must therefore illuminate the theme of the Mother Road on the front cover (folded), as a poster (unfolded), and work stylistically on the printed back side in harmony with all content — local businesses, venues, historical landmarks, notable architecture, green spaces, and other unique destinations. We are not seeking a traditional map.

All applicants' concepts will embrace the diverse, historical, creative, cultural, and vibrant spirit of our community. 10,000 two-sided maps will be printed and distributed for free to Tulsa residents and visitors in June 2026. To date, 40,000 maps have been printed and distributed. The 2026 Edition will have an impactful Route 66 theme that transcends traditional maps.
